Drink Safe Water

After a hurricane, water may not be safe.
Germs and chemicals may be in the water.
Listen to local officials to find out if your water is safe.

Things you should do

- Use bottled water that have a sealed top
- Bring tap water to a rolling boil for at least 1-2 minutes
- Make sure your pets get safe drinking water

Unless you know the water is safe Do Not

- Drink the water
- Wash or clean with the water
- Bathe in the water
- Cook with the water
- Brush your teeth with the water
- Use the water to make ice

Ways to feed your baby

- Breast-feed or use ready-made formula
- If you must use water to make formula
 - ✓ Use bottled water
 - ✓ Boil water if you don't have bottled water
